

THE OCA YEARBOOK

Editor Arthur Pickering

Email; Arthur.pickering1@btinternet.com

For many years, the OCA has published its Yearbook with the purpose of providing information that is relevant to owners and breeders of Oriental cats (as well as the wider cat owning community), in a manner that is readily understandable and usable.

Publication is timed to coincide with the Annual General Meeting of the OCA in April of each year.

Now that the OCA has its own website the Committee have decided to publish previous editions of the Yearbook issued since 2002, on line, thus making them more widely available.

So here are the Yearbooks for 2002 and 2003, the more recent editions of the Yearbook are only available in hardcopy to club members.

The 2004/5 Yearbook will appear on line when the 2007 edition is published, 2006 edition when 2008 is published and so on.

You will also find an index of the articles that have appeared in all of the editions of the Yearbook published since 2002 to the present one.

I will be happy to receive suggestions for articles, or actual articles, for inclusion in future editions.
